

GAME BOARDS

Cut on the dotted line and remove this section. (You will be left with a gray L.)

Ten-Frames

The image displays a grid of ten-frames used for a math game. The grid is composed of 12 rows and 10 columns. Each row is a ten-frame, which is a horizontal row of 10 boxes, with a vertical line separating the first five boxes from the last five boxes. The first 11 rows are pre-filled with 10 grey circles each, representing the number 10. The 12th row is empty, intended for the player to write or draw their own number. The entire grid is enclosed in a dashed border.
