How to Use These Tests and Answer Key

These tests and their accompanying answer key are designed to go along with Volume 3 of Susan Wise Bauer's *The Story of the World: History for the Classical Child*. These tests are designed for those teachers and parents who want to evaluate their students' understanding of the major ideas and dates found within the *Story of the World* text. After your student reads each chapter of the book, he should be given time to review the reading before taking that chapter's test. If you are using the *Story of the World Volume 3 Activity Book*, you should go through the chapter's Review Questions, Narration Exercises, Map Activities, and other complementary projects and readings. These will reinforce and expand your student's knowledge of the material. For more information on the *Volume 3 Activity Book*, please visit www.peacehillpress.com. We recommend reading one chapter of the text each week and taking the appropriate test at the end of the week.

Although *The Story of the World* is intended for students between grades 1 and 6, we recommend that these tests be used with students in grade 3 and up. They can be used with younger students, but you might find that the Review Questions in the Activity Book are sufficient for evaluating your student's comprehension. For more ideas, support, and suggestions, visit the *Well-Trained Mind* message boards, at <http://www.welltrainedmind.com/forums>.
